

2nd Generation Provisioning

QUICKSSL Premium™ CERTIFICATES
USE A FAST, AUTOMATED VETTING PROCESS:

- 1. Submit enrollment application online**
- 2. Receive confirmation request at authorized email address**
- 3. Click “APPROVE” to authorize certificate issuance**
- 4. Receive your new QuickSSL Premium certificate by email**

Total Time for Issuance: About 10 Minutes

QuickSSL Premium Features and Benefits

- **Ultimate online protection, much lower price, in 10 minutes**
 - True 128/256-bit SSL encryption
 - Near instantaneous provisioning – fully automated – no paperwork
 - GeoTrust does not interface directly with the customer
 - Lower cost solution: SRP of \$249 vs. \$995 (Verisign)
 - Includes dynamic seal with live time and date stamp
 - 99% Ubiquity
 - Competitive upgrade and renewal benefits
 - Multi-year options (1 – 6 years)
 - Unlimited, free re-issues
 - Fast deployment, customer is up and running in minutes!

Rapid deployment and ease of implementation means faster time to revenue for reseller partners!

QuickSSL Premium Product Demo

QuickSSL Premium Demo

4 step process to order QuickSSL Premium

- 1. Submit enrollment application online**
- 2. Receive confirmation request at authorized email address**
- 3. Click “APPROVE” to authorize certificate issuance**
- 4. Receive your new QuickSSL Premium certificate and site seal by email**

QuickSSL Premium Demo: Enrollment Form

- **Select the appropriate validity period**

- Choose from 1 to 6 years

- **Check the appropriate renewal option**

- If domain has an active GeoTrust certificate additional months will be added onto validity period of the new certificate

- **See chart on screenshot that outlines this program**

- Auto agent checks our database to confirm order is a renewal

- **Check the appropriate competitive upgrade option**

- If domain has an active certificate from a GeoTrust competitor additional months are added to validity period of the new certificate

- Rounds up for the month (i.e. if a cert has 32 days left – 2 months are added)

QuickSSL Premium Enrollment

Validity Period

Please select the validity period for your certificate from the list below.

- 1 Year**
- 2 Years** Highly Recommended. **Save 13% on our most popular option!**
- 3 Years** Save 16%
- 4 Years** Save 18%
- 5 Years** Save 20%
- 6 Years** Save 22%

Renewal

- Yes
- No

If you have a GeoTrust issued SSL certificate for the same domain that is expiring in the next 90 days or has expired in the past 90 days, you are eligible to take advantage of the renewal price. Additionally, you will receive additional renewal months according to this chart:

Certificate Expires During:	Additional Renewal Months:
- plus or minus 15 days from today	1
- 15 to 45 days	2
- 45 to 90 days	3

Competitive Upgrade

If you have an active certificate issued by Verisign, Thawte, Entrust or Baltimore, you are eligible for our competitive upgrade. In addition to receiving a discount which will be displayed on the following pages, you will also receive up to 12 additional free months added onto your certificate depending on when your current certificate expires. In order to perform this upgrade, we will connect to your server and validate that a current active competitive certificate exists for the same fully qualified domain name that you are ordering. If for some reason we can not properly connect to your current server and validate the certificate, we will allow you to paste the certificate onto the next page.

- Yes, I have a server certificate from a competitor.**
- No, I can't take advantage of this offer.**

Server Licenses

QuickSSL Premium Demo: Enrollment Form

- **Choose if you want to purchase GeoSupport for the order**
 - GeoTrust offers telephone support that's there when you need it. Whether you are a first-time SSL user and need installation support, or just want the security of being able to get live assistance when you need it, GeoSupport makes good business sense. Although all GeoTrust SSL certificate customers get free email support, GeoSupport customers also get:
 - Live phone support
 - Priority case routing
 - Extended support hours 4am - 9pm EST
 - Scheduled installation assistance

- **Choose either yes or no – cost is \$10 when purchased with the order**

- **All orders come with free re-issuance insurance**

Certificate Reissues

GeoTrust offers a self-service certificate reissue/replacement program for the life of a certificate. This enables the free replacement of the certificate for the same domain in the event the certificate or keys are deleted or destroyed.

Certificate reissues will be provided free of charge for this order.

GeoSupport. World Class Support When You Need It.

GeoTrust offers telephone support that's there when you need it. Whether you are a first-time SSL user and need installation support, or just want the security of being able to get live assistance when you need it, GeoSupport makes good business sense. Although all GeoTrust SSL certificate customers get free email support, GeoSupport customers also get:

- Live phone support
- Priority case routing
- Extended support hours 4am - 9pm EST
- Scheduled installation assistance

Yes, I would like to purchase this option. - \$10

No, I do not wish to purchase GeoSupport.

Server Licenses

You are licensed to use this certificate on one server. If you intend to use this certificate on additional servers, please select the total number of servers below. The price per additional server is the same as the price for the initial certificate. If you need to install this on more than 10 servers, please [contact](#) us.

1 **Number of Licensed Servers**

QuickSSL Premium Demo: Enrollment Form

▪ **Select the appropriate number of server licenses**

For each physical server that the domain you are ordering the certificate for resides on, you need a server license or a separate individual certificate. An example of this would be:

- You have www.mydomain.com that resides on server A and server B. You need to protect this site on both servers.
 - Option 1 is to order 1 cert with 2 server licenses
 - Option 2 is to order 2 separate certificates
 - Cost is the same
 - Another example would be a customer looking to put a certificate on a load balancer – they need a license for each physical server behind the load balancer
- ### ▪ **Enter any special instructions in the space provided**

pages, you will also receive up to 12 additional free months added onto your certificate depending on when your current certificate expires. In order to perform this upgrade, we will connect to your server and validate that a current active competitive certificate exists for the same fully qualified domain name that you are ordering. If for some reason we can not properly connect to your current server and validate the certificate, we will allow you to paste the certificate onto the next page.

- Yes, I have a server certificate from a competitor.**
- No, I can't take advantage of this offer.**

Server Licenses

You are licensed to use this certificate on one server. If you intend to use this certificate on additional servers, please select the number of servers below. QuickSSL Premium Demo: Enrollment Form

- **Paste the Certificate Signing Request (CSR) in the CSR field**
 - CSR = Certificate Signing Request
 - Generated via a tool or wizard on the Web server
 - **Creates the public/private key pair used for SSL**
 - The public key is submitted to GeoTrust and the private key stays on the server
 - Information contained in the CSR includes:
 - **Common Name**
 - **Organization**
 - **Organization Unit**
 - **Country Code**
 - **State or Province**
 - **Locality (town)**
 - **Public Key**
 - GeoTrust adds the public key to the certificate and sends certificate back to requestor

Verify Server URL

The CSR you generated is designed to work with the following URL:

<https://www.econsultants.com>

If this is not the correct URL (computed from the Common name in the CSR), or if you want to change any information that will be posted into your Choicepoint Business profile as defined below, then please generate a new CSR and click the Replace CSR button. Note: Only the Common Name and Country fields from the CSR are put into the certificate. All other values are removed or replaced with other values in accordance with our CPS.

Choicepoint Business profile

With the highest level of security and assurance for any automated SSL product in the industry, GeoTrust now creates a business profile for each QuickSSL Premium certificate. The information in the CSR below forms the basis for this profile, and will only be available to individuals that have access to your ChoicePoint Unique Identifier. This Unique Identifier is placed in your certificate so relying parties may obtain more information about your domain.

Common Name: www.econsultants.com
Organization: ECC Inc
Org. Unit: Product Management
Locality: Sudbury
State: Massachusetts
Country: US

Approval of your Certificate Request

The GeoTrust QuickSSL service relies upon the Subscriber or the Subscriber's authorized administrator to approve all certificate requests for all hosts in the domain. It's important that you select the correct authorized administrator below. By selecting an authorized administrator, you warrant to GeoTrust that the individual is authorized to approve the request. Your request for a GeoTrust QuickSSL server certificate will not be processed beyond this point if you select an incorrect e-mail address.

Registered Domain Contacts

We have successfully obtained domain contacts for this domain from the domain registrar.

- beattie@gis.net** Registered Domain Admin contact

Alternate Approval e-mail Addresses

The following approval e-mail addresses can be used. You must make sure that the e-mail account has been set up and is available before you submit this order, or the approval e-mail will not be delivered.

Level 2 Domain Addresses

- admin@ecconsultants.com**
- administrator@ecconsultants.com**
- hostmaster@ecconsultants.com**
- root@ecconsultants.com**
- ssladmin@ecconsultants.com**
- sysadmin@ecconsultants.com**
- webmaster@ecconsultants.com**

Level 3 Domain Addresses

- admin@www.ecconsultants.com**
- administrator@www.ecconsultants.com**
- hostmaster@www.ecconsultants.com**
